

An Audit Report on

Certification of the Permanent School Fund's Bond Guarantee Program for Fiscal Year 2022

Lisa R. Collier, CPA, CFE, CIDA
State Auditor

The State Auditor's Office certifies that, for the fiscal year ended August 31, 2022, the amount of school district and charter district bonds guaranteed by the Permanent School Fund's (Fund) Bond Guarantee Program (Program) was within the limits applicable to the Program. In addition, the Fund had sufficient capacity to meet the State Board of Education's (Board) requirement to hold no less than 5 percent of the total guarantee capacity in reserve for the same time period.

As of August 31, 2022, the total principal of the 3,442 outstanding bond issues guaranteed by the Program was \$103.2 billion, which included \$99.5 billion for public school districts and \$3.7 billion for charter districts. (See the Summary of Bond Guarantee Activity for additional information on the Program's fiscal year 2022 activity.)

The guarantee saves public school districts and charter districts money by enhancing their bonds to the highest possible rating. Without the Program's guarantee, public school districts and charter districts would need to (1) purchase private bond insurance or (2) pay higher interest rates on the bonds they sell.

The Program's ability to guarantee bonds is limited to the lesser of two values: the U.S. Internal Revenue Service-set limit (Internal Revenue Service Limit) or the Board-set limit (State Capacity Limit). State statute also limits the available bond guarantee capacity for charter districts. Specifically, those limits for fiscal year 2022 were:

¹ Title 26, Code of Federal Regulations, Section 1.148-11(d)(1)(i)(F), established a bond guarantee capacity limit of no more than 500 percent of the total cost of the assets held by the Fund as of December 16, 2009.

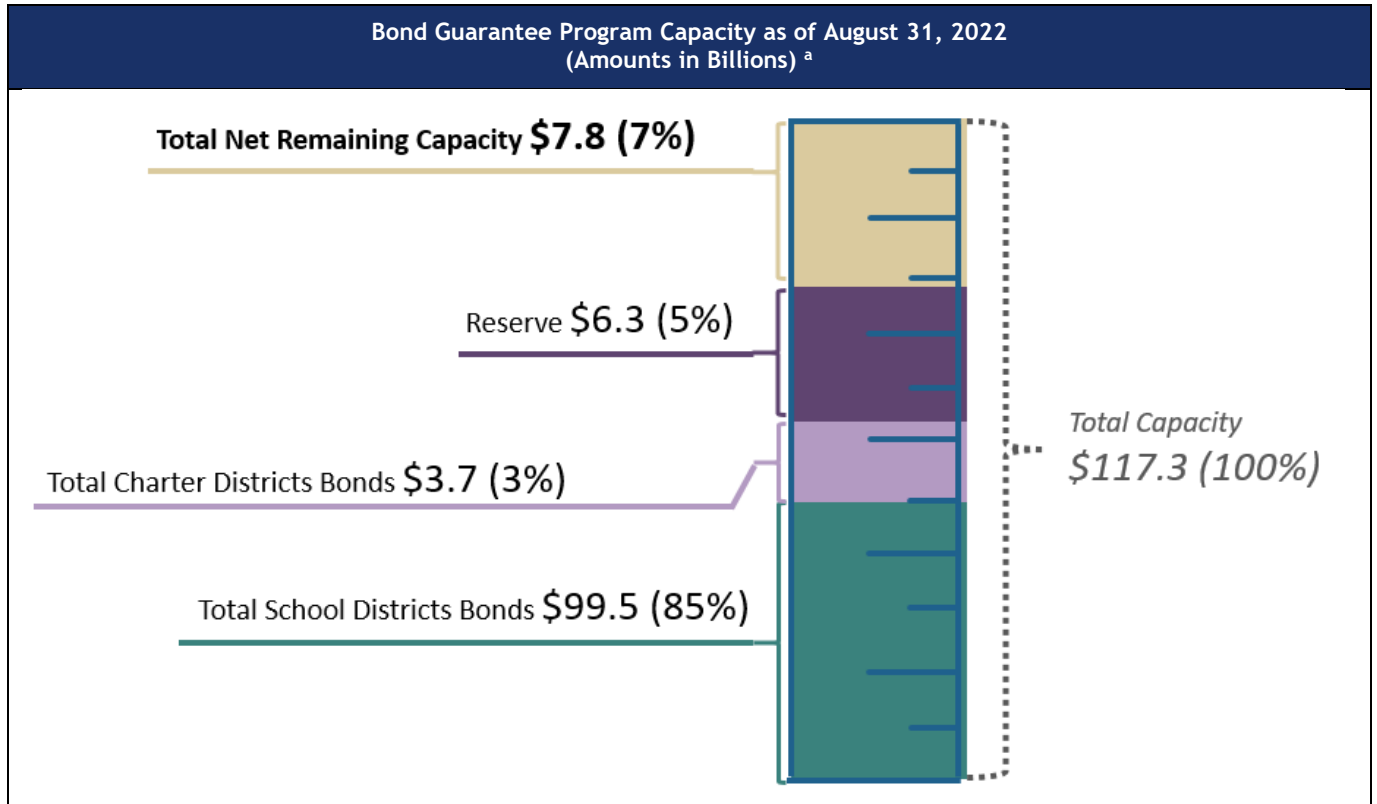

² Title 19, Texas Administrative Code, Section 33.65(e)(1), set a limit on the Program's bond guarantee capacity of 3.5 times the cost value of the Fund, as permitted by Texas Education Code, Section 45.053(d).

³ Texas Education Code, Section 45.0532(a), limited the available bond capacity for charter districts. That limit, as further described in Title 19, Texas Administrative Code, Section 33.67(d)(1), is based on the percentage of the number of students enrolled in open-enrollment charter districts compared with the total number of students enrolled in all Texas public schools, as determined by the commissioner of education. For fiscal year 2022, that percentage was 6.98 percent.

Capacity is currently subject to a statutory reserve set by the Board at no less than 5.0 percent of the IRS limit plus an additional 5.0 percent reserve of the charter district allocation.

As Figure 2 shows, as of August 31, 2022, the Program could guarantee an additional \$7.8 billion in bonds.
